

GUIDELINES FOR PARTICIPANTS

Welcome to JEMS2022 Conference!

The oral presentations for this event will be held in hybrid form with virtual connections via ZOOM MEETING and with on-site participants being there at the conference venue. Poster sessions are to be run exclusively in the online form. Few days before the Conference all participants will be provided with a link to the event platform with an on-line access to all sessions.

Technical requirements for virtual participation

- Computer with Internet access, camera and microphone.
- ZOOM software installed – latest version. For ZOOM download, click [HERE](#).
- Internet access of minimum 1 Mbps, broadband connection is recommended.
- External USB headphones with a microphone are highly recommended. In case you use wireless headphones (e.g., with a Bluetooth connection), please make sure the battery is fully charged.
- Your computer or audio equipment may have its own mute or disable settings – make sure to check that everything is 'on'.
- We recommend closing all windows or applications that are not needed (especially those using a camera and / or microphone, e.g., Skype, MS Teams, Webex) to ensure the best performance of the platform.
- It is also highly recommended to keep your microphone muted and camera off and turn both on while planning to speak.

Shall you need further assistance, please contact the JEMS2022 Conference Secretariat at info@jems2022.pl
